Updated YALSA Teen Spaces Guidelines

These guidelines were created in 2011 -2012 by a task force of the Young Adult Library Services Association (YALSA) with feedback from the library community achieved through a public comment period in the fall of 2011. Members of the task force were Katherine Trouern-Trend (chair), Audrey Sumser, Kathy Mahoney, Caroline Aversano, Samantha Marker, and Kimberly Bolan Cullin. YALSA's Board of Directors adopted the guidelines on May 24, 2012.

DemographicReports Reporting and Mapping Service

This is the link to a demographic report site that Kim has found useful in the past:

<http://www.demographicreports.com/>

US Census Homepage

This is a great general source for demographic information that is easily accessible. Select your state, then your area, once that comes up click on "Browse for Data Sets" and then click on the link for "Demographic Characteristics" to see the age breakdowns, etc.
